

Relief measures guide to COVID-19 in South Africa

APRIL 2020

1. Introduction

On 23rd March 2020, our president Mr Cyril Ramaphosa announced a 21-day lockdown in South Africa, this came after South Africa was declared in a state of Disaster a few days before. On the eve of the Easter weekend the lockdown was extended to the 30th April 2020.

The president said all shops and businesses will be closed, barring pharmacies, laboratories, banks, essential financial services, supermarkets, petrol stations as well as healthcare providers. On the 21st April 2020, there was a statement released by Mr Cyril Ramaphosa on a further Economic and Social measure which consisted of a R500 Billion support package (10% of GDP).

The decisive measures taken were an attempt to control the spreading of a disease called COVID-19.

2. Understanding of COVID-19

Based on the World health Organisation, "Co" refers to Corona, "vi" to virus, "d" to disease and 19 being the year. Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered coronavirus.

Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Older people, and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness.

The best way to prevent and slow down transmission is to be well informed about the COVID-19 virus, the disease it causes and how it spreads. Protect yourself and others from infection by washing your hands or using an alcohol-based rub frequently and not touching your face. The COVID-19 virus spreads primarily through droplets of saliva or discharge from the nose when an infected person coughs or sneezes, so it's important that you also practice respiratory etiquette (for example, by coughing into a flexed elbow).

Currently, there are no specific vaccines or treatments for COVID-19.

3. Our approach

President Ramaphosa also announced measures that would mitigate the impact of the virus on the economy: from mild tax breaks, to a solidarity fund and increased support for small businesses, the informal sector and vulnerable workers.

We have received many requests as to where and how to access the relief measures, we have thus compiled this guide with the current initiatives (March 2020) by Public and Private sectors. This will assist to navigate the most suited and relevant relief measures.

Our business units such as Business Consulting, Business Process Solutions, Business Risk services, Financial Services and Tax will be able to guide businesses, however we cannot guarantee a successful outcome as this will depend on the circumstance of every entity.

We have identified the following categories of relief measures.

Category 1: Personal

Category 2: Employees

Category 3: Micro, Small and Medium business

Category 4: Essential services

Category 5: South African Revenue Services

Category 6: R500 Billion Support Package

Category 1: Personal

This category is dedicated to individuals that find themselves impacted by the lockdown, especially if you are unable to pay for some of your debts or require payment holidays.

Before looking for payment holidays from your respective financial institutions, it's suggested to check whether you are covered for Credit Insurance

Credit Insurance:

- Credit insurance is a type of insurance policy purchased by a borrower that pays off one or more existing debts in the event of a death, disability, or in rare cases, unemployment.
- All credit products must be covered by credit insurance, which will settle outstanding debt if you die or are permanently disabled. Since August 2017, your instalments are also covered for up to 12 months if you become unemployed, or unable to earn an income – not necessarily due to illness. You should be covered even if you are not fired but placed on unpaid leave.

Name of Institution/Relief	Target	Type of Relief	Application Details
ABSA BANK	ABSA Customers	3 Month Payment Holiday on Loans	https://www.absa.co.za/personal/covid-19/covid-19-payment-relief-plan/

Category 5: South African Revenue Services (SARS)

Having already given back R2.4 billion in tax refunds to large and SME businesses over the four days since the lockdown began, SARS is paying out tax refunds early to alleviate the COVID-19 pandemic. SARS can only assist you if you remain compliant by fulfilling your filing and payment obligations even during the lockdown.

It is **very important that even if you are in distress that you continue to be compliant in order to access the tax relief** measures that government has put in place to counter the economic effects of the COVID-19 pandemic. You are to use the available SARS channels to make payments that are due on or before 31 March. SARS has made available the following online channels, namely, MobiApp, eFiling, e@syFile, email and the SARS Contact Centre (0800 00 7277).

Name of Institution/Relief	Target	Type of Relief	Application Details
COVID-19 Tax relief Administered by SARS	Tax-compliant SMEs < R100m and their employees eligible under the current ETI Act	Tax subsidy to employers of up to R750 pm for the next four months for employees earning below R6 500 under the Employment Tax Incentive (ETI)*.	www.treasury.gov.za or www.sars.gov.za
	Tax-compliant SMEs < R100m	Accelerated payment of employment tax incentive (ETI) reimbursement from twice a year to monthly to get cash into the hands of compliant employers	
	Tax-compliant SMEs < R100m	SMEs will be allowed to delay: <ul style="list-style-type: none"> • 35% of their employees' tax liability over the next four months; and • a portion of their provisional corporate income tax payments without penalties or interest. 	https://www.sars.gov.za/Media/Pages/CoronaVirus.aspx

Category 6: R500 Billion Support Package

Government has outlined its Economic Approach in a 3 Phase approach

1st Phase

Declaring the Coronavirus as a National Disaster (this included measures to mitigate the worst effects on business, communities and individuals). The measures included tax relief, the release of disaster relief funds, emergency procurement, wage support through the UIF and funding to small businesses.

2nd Phase

To stabilise the economy, address the extreme decline in supply and demand and protect jobs.

As part of this phase, Government has announced a social relief and economic support package of R500 billion, which amounts to around 10% of GDP.

3rd Phase

The third phase is the economic strategy we will implement to drive the recovery of our economy as the country emerges from this pandemic.

Name of Institution/Relief	Target	Type of Relief	Application Details
R200bn loan Scheme Major Banks National Treasury SA Reserve Bank	To help companies with operational costs, salaries, rent and supplier payments, among other things.	Loan Guarantee Scheme Companies under R300m in revenue	www.treasury.gov.za or <u>Applicable Bank</u>
R50bn Grant recipients Department of Social Development	A six-month coronavirus grant will be introduced for those "most desperately affected by the coronavirus".	Child support grant beneficiaries will get an extra R300 in May and from June to October, they will get another R500 per month. All other grant beneficiaries will get an extra R250 per month for the next six months. An additional special Social Relief of Distress grant of R350 per month will be available for the next six months to those who are unemployed and not receiving other forms of grants or UIF payments	http://www.dsd.gov.za/
R100bn for Jobs UIF and Dept of Small Business	To protect and create Jobs	Government will also continue to give assistance in the form of loans, grants and debt restructuring to small businesses, spaza shops and other informal businesses	https://smmesa.gov.za/ and https://uifecc.labour.gov.za/covid19/

R70bn for Tax Relief	Cash flow relief or direct payments to businesses and individuals	<p>The following has been introduced - a 4-month holiday for companies' skills development levy contributions, fast-tracking VAT refunds and a 3-month delay for filing and first payment of carbon tax.</p> <p>To assist a greater number of businesses, the previous turnover threshold for tax deferrals is being increased to R100 million a year, and the proportion of PAYE payment that can be deferred will be increased to 35 per cent.</p> <p>Businesses with a turnover of more than R100 million a year can apply directly to SARS on a case-by-case basis for deferrals of their tax payments.</p> <p>No penalties for late payments will be applicable if they can show they have been materially negatively impacted in this period.</p> <p>Taxpayers who donate to the Solidarity Fund will be able to claim up to an additional 10 percent as a deduction from their taxable income</p>	www.sars.gov.za
R20bn Health Response Department of Health and IDC	Supply of additional medical expenditure	Additional expenditure on personal protective equipment for health workers, community screening, an increase in testing capacity, additional beds in field hospitals, ventilators, medicine and staffing	http://www.health.gov.za/index.php/outbreaks/145-corona-virus-outbreak/465-corona-virus-outbreak callcentre@idc.co.za
R20bn relief to municipalities	Municipalities affected by loss of revenue	Provision of emergency water supply, increased sanitisation of public transport and facilities and providing food and shelter for the homeless	www.treasury.gov.za

4. Conclusion

We look forward to full co-operation with all our staff and we trust that they will be able to assist you through this trying period.

If you have any questions regarding our document or SNG Grant Thornton, please contact me on 086 117 6782.

Yours faithfully,

Yugen Pillay
